

Race 7 Summary & Results – 6th March 2014

Following a Wednesday night race filled with breakages & altercations in strong westerlies WOW was blessed with a lovely 8-12kts NE but would it hold till the end? The lovely 'La Rochelle' (Beneteau First 40) cruised along nicely enjoying her new home with Gill and the Fastlane team learning the new systems. Everyone was keeping their keels above ground and it was a great time to practice those spinnaker hoists, gybes and drops. The sun dropped behind the Kaimais as Whatever approached the finish line just behind Heluva Hurry thinking we were second place but only to find out at prize giving that Freedom Express was home and dry 20 minutes earlier. Well done Paulien, our blind sailing world champ...good to see you've still got it!
